Attention is drawn to the rostering guidelines in each District. The employer will endeavour to ensure safe staffing levels and appropriate skill mix in work areas. There shall be a programme of regular monitoring of staffing levels and skill mix. Any identified staffing deficiencies shall be addressed.

parties' attention is drawn to the establishment of a staff Staffing / Healthy Workplaces Unit and should ensure that rostering practices are compatible with any systems and guidelines that results from the unit's work.

The parties agree that with respect to rosters and hours of work, initiatives for innovation and flexibility may be trialled within a District/s for a defined period. The conditions of such trial shall be mutually agreed between the directly affected parties prior to commencement. At the end of the trial an evaluation based on agreed criteria must be completed within a set timeframe. The results of the trial are to be forwarded to the HOF for consideration as to whether it may be applied nationally through either a variation to this CA or facilitation by a subsequent CA.

The provisions of Clause 6 will not apply to Caseload Midwives with the alternate clause under 10.7 applying.

- 6.1 The ordinary working hours of an employee employed full-time shall be 80 per fortnight.
- 6.2 Employees will normally work 8 hours a day/shift in duration, except that part-time employees by mutual agreement between the employer and the employee, may work shifts of no less than 4 hours.
- 6.3 The pay period shall commence at the beginning of the Sunday/Monday night shift. When a major part of a shift falls on a particular day the whole shift shall be regarded as being worked on that day.
- 6.4 All duties must commence between 0600 and 2315 hours. Duty hours must be consecutive except for unpaid meal breaks.
- 6.5 Rosters will be published not less than 28 days prior to the commencement of the roster, provided that less notice may be given in exceptional circumstances. Rosters posted will show duties for a minimum 28-day period. Changes in rosters, once posted, shall be by mutual agreement.

The following rosters or combination of rosters will apply during the term of this Agreement:

- 5 days on duty followed by 2 days off duty - 2086 hours p.a. (i.e.: shift length 8 hours)

- 2 days on duty followed by 2 days off duty - 2190 hours p.a.

A part-time employee may work within the rosters described above.

6.7 Where the employer clearly identifies that alterations in staff hours are required the hours of work may be varied by agreement between the employees affected, NZNO and the employer. Such agreement shall be put in writing and signed.

6.8 Off-duty Periods

(i) Every employee shall have two periods of at least 24 hours off duty each week, and except in the case of emergencies or by agreement, these shall be consecutive. When an employee finishes their last night shift, the off-duty period commences after the minimum break between shifts. Note: These off-duty periods may fall separately no more than once every four weeks at the request of the employee or to facilitate rostering.

(ii) Except in an emergency, no employee shall work more than seven consecutive 8-hour duties.

6.9 Minimum break between spells of duty:

(i) A break of at least twelve continuous hours must be provided wherever possible between any two periods of duty of a full shift or more. Note: if the employee requests a lesser break the overtime payments will not apply.

(ii) Periods of a full shift or more include:

Periods of normal rostered work; or
Periods of overtime that is continuous with a period of normal rostered work;
Or full shifts of overtime/call back duty.

This requirement to provide a break wherever possible applies whether or not any penalty payment will apply under the provisions of this clause.

If a break of at least nine continuous hours cannot be provided between periods of a full shift, the shift is to be regarded as continuous until a break of at least nine continuous hours is taken, and it shall be paid at overtime rates, with proper regard to the time at which it occurs and the amount of overtime which precedes it.

If a call back of less than a full shift is worked between two periods of duty of a full shift or more, a break of nine continuous hours must be provided, either before or after the call-back. If such a break has been provided before the call-back it does not have to be provided afterwards as well.

(iii) Except, for those employees who are called back between 2300 and 0500 hours, the break must be provided afterwards unless otherwise agreed between the employer and the employee.

(iv) Time spent off duty during ordinary working hours solely to obtain a nine-hour break shall be paid at ordinary time rates. Any absence after the ninth continuous hour (or fourth continuous hour where applicable) of such a break, if it occurs in ordinary time, shall be treated as a normal absence from duty.

(v) The penalty payment provisions of this clause will not apply in any case where the result would be to give an employee a lesser payment that would otherwise have been received.

- 6.10 Notwithstanding the foregoing conditions staff may be permitted to change shifts one with another by mutual arrangement and with the prior approval of the manager. Overtime or other penalty provisions shall not apply in these instances.
- 6.11 Where the employer requires employees to attend classes of instruction or examinations as part of their education the time so occupied shall be deemed to form part of their hours of work.
- 6.12 As a general principle, when additional shifts are required, preference will be given in the first instance to part-time employees.
- 6.13 Employees will not be required to change between day and night duties more than once in any 80-hour fortnight.
- 6.14 Those employees who work a night shift which straddles a public holiday, shall be paid at public holiday rates for those hours which occur on the public holiday and the applicable rates for the remainder of the shift. One alternative holiday shall apply in respect of each public holiday or part thereof worked.
- 6.15 Wherever possible an employee changing duties on consecutive days shall be rostered off for a minimum of 12 consecutive hours.
- 6.16 During pregnancy, an employee may request a change to their work pattern. This may be supported by advice from a health professional. If the advice recommends a change to their work pattern, shifts worked or number of hours, arrangements are to be agreed between the line manager and employee.
- 6.17 To support transitioning to retirement an employee may request a change to their work pattern. This may be supported by advice from a health professional. If the advice recommends a change to their work pattern, shifts worked or number of hours, arrangements are to be agreed between the line manager and employee.
- 6.18 Duties, once commenced, shall be continuous unless otherwise agreed between the employer, the union and the employee.
- 6.19 Prior to this agreement where rostering practices are in existence that cover all employees or a specific identifiable sub-group of employees and those practices are more favourable than the provisions of Clause 6, they shall continue to apply and are not rendered null and void by this agreement.
- 6.20 Changing Time

Where an employee is required by the employer to wear a particular uniform on duty and is not permitted to wear that uniform other than within the precincts of the hospital, the employee shall be allowed a period of six minutes, both at the commencement and cessation of each duty, as changing time.

6.21 Additional Provisions for Employees working Alternative Rosters

In specific instances, i.e. shifts of longer or variable lengths, the ordinary hours for a full time employee are able to be averaged over a roster cycle of greater than one fortnight e.g.: an employee who works 12 hour shifts may work 120 hours over a 3 week roster and be considered to be fulltime. No employee shall be required to work more than a 12-hour rostered shift.

Alternative hours of work may be implemented by agreement between the employer, the employees directly affected and the NZNO. Such agreement shall be in writing and signed by the representatives of the parties.

It is recognised that some areas may continue to utilise the standard eight-hour roster alongside the 10/12 hours rosters. An employee who elects to opt out of working 10/12-hour rosters shall give a minimum of four weeks' notice. Employees who accept a new position which requires the individual to work a 10 hour shift are not eligible to opt out without the consent of the employer.

10- and 12-hour shifts are not recommended as a standard rostering pattern and shall occur only where clear clinical / service rationale supports this practice. Such shift patterns shall not compromise those employees who elect to work an eight-hour roster.

If a party to this Agreement wishes, for health and safety reasons, to change the above roster patterns, they shall engage in a process of consultation consistent with Clause 25 in order to do so.

Any 10- and 12-hour shifts shall be subject to (a) above.

- a) Every employee shall have at least 2 consecutive 24 hour periods off duty each week.

No employee working 10 hours per rostered shift shall work more than five consecutive duties. Where five consecutive 10 hour duties are worked the employee must then have a minimum of 3 consecutive 24 hour periods off duty.

No employee working 12 hours per rostered shift shall work more than 4 consecutive duties. Where 4 consecutive 12 hour duties are worked, by agreement with the employee, then the employee must then have a minimum of 4 consecutive 24 hour periods off duty. It is recognised that 3 consecutive 12 hours shifts is the preferred maximum. Where 3 consecutive 12 hour shifts are worked the employee must have a minimum of 3 consecutive periods 24 hours off duty.

Notwithstanding the foregoing, these off duty periods may fall separately no more than once every four weeks at the request of the employee or to facilitate rostering.

- b) Meal Breaks and rest periods shall be observed in accordance with clause 7.0. In addition, an employee who works a 12 hour shift shall be allowed two meal breaks, one paid and one unpaid, each of not less than half an hour. The second meal break is to be taken after having worked eight hours of the shift. Such meal breaks shall be arranged so as to be spaced as near as possible at equal intervals.

- c) Minimum breaks between duties: No 12-hour roster shall contain breaks between duties of less than eleven consecutive hours. No 10-hour roster shall contain breaks between duties of less than nine consecutive hours. If the actual breaks are not achieved, then the payment provisions of the overtime clause 8.2.2 shall apply. Note: if the employee requests a lesser break the overtime payments will not apply.
- d) Overtime - the following payments shall apply:
 - (i) Ten-hour shifts: T1.5 after 10 hours for the 11th hour, then T2 for all hours worked thereafter;
 - (ii) Twelve-hour shifts: T2 for all hours worked in excess of a rostered 12 hour shift;
 - (iii) For those fulltime employees working 12-hour shifts, overtime shall apply after 120 hours averaged over 3 weeks at the rate specified in 8.2.2 (c);
 - (iv) For all other employees working alternative hours of work, overtime shall apply after 80 hours per two-week period (Clause 8.2.2 shall apply).
- e) Annual Leave / Sick Leave: each day of annual leave or sick leave shall be calculated and paid according to the number of hours rostered to work on the day of such leave.

Every employee who completes one year on alternative hours of work as above shall receive one week shift leave in place of the provisions set out in clause 13.2.

7.0 Meal Breaks and Rest Periods

- 7.1 Except when required for urgent or emergency work and except as provided in 7.2 below, no employee shall be required to work for more than five hours continuously without being entitled to a meal break of not less than half an hour. There will be only one meal break of not less than half an hour during a 10 hour shift.
- 7.2 An employee unable to be relieved from the workplace for a meal break (as defined in 7.1) shall be entitled to have a meal while on duty and this period shall be regarded as working time paid at the appropriate rate (the rate payable at that time).
- 7.3 Except where provided for in 7.2 above an employee unable to take a meal after five hours shall, from the expiry of five hours until the time when a meal can be taken, be paid T0.5 in addition to the hourly rate that would otherwise be payable.
- 7.4 Rest breaks of 10 minutes each for morning tea, afternoon tea or supper, and the equivalent breaks for night duty where these occur during duty, shall be recognised as time worked.
- 7.5 During the meal break or rest breaks prescribed above, free tea, coffee, milk and sugar shall be supplied by the employer. Where it is impractical to supply tea, coffee, milk and sugar free of charge, an allowance of \$1.46 per week in lieu shall be paid. This allowance shall continue during all periods of leave except leave without pay.

- (a) The salary scales above shall be applied to the respective groups of employees.
- (b) On appointment, the employer shall place employees on any step of the relevant scale (including steps 6 & 7 of the Registered Nurses and Registered Midwives salary scales – see sub-clause 8.0.1 and 8.0.3) taking into account the following factors:
 - (i) previous nursing/midwifery experience or other relevant work and life experience - the employer may credit this service;

(f) Movement through the salary scales shall be by automatic annual increment, except for senior nurses or midwives whose advancement through the steps in their salary grade shall be annual, subject to satisfactory performance which will be assumed to be the case unless the employee is otherwise advised. Movement across senior salary grades shall only occur with a change in position.

(g) Where a casual employee has obtained and continues to maintain their competency as per Nursing/Midwifery Council requirements, they will be able to move through the pay scale in this agreement on the anniversary date of commencement of employment, subject to maintenance of continuous service as defined in clause 5. Casual employees shall have access to the provision of PDRP/QLP/Merit allowances.

Employees on fulltime study leave or parental leave, with or without pay, shall continue to receive annual increments to which they would otherwise be entitled.

8.2 Overtime and Penal Time

Where the appropriate manager is satisfied that the additional time worked is necessary because of an emergency or other special circumstances; and

- (ii) Where the salary does not already incorporate a payment for overtime/penal time hours.

Equivalent time off for work performed outside normal hours may be granted in lieu of overtime by agreement between the employee and the manager concerned.

8.2.2 Overtime

8.2.3 Penal Rates

- (a) Weekend rate - applies to ordinary time (other than overtime) worked after midnight Friday/Saturday until midnight Sunday/Monday shall be paid at time one half (T0.5) in addition to the ordinary hourly rate of pay.

- (d) Overtime and weekend/public holiday or night rates shall not be paid in respect of the same hours, the higher rate will apply.

9.0 Call Backs

- (i) is called back to work after completing the day's work or duty, and having left the place of employment; or

is called back before the normal time of starting work and does not continue working until such normal starting time;

Call-back is to be paid at the appropriate overtime rate (clauses 8.2.2 (c) and (d)) for a minimum of three hours, or for actual working and travelling time, whichever is the greater, except that call-backs commencing and finishing within the minimum period covered by an earlier call-back shall not be paid for. Where a call-back commences before and continues beyond the end of a minimum period for a previous call-back, payment shall be made as if the employee had worked continuously from the beginning of the previous call-back, to the end of the later call-back.

9.2 **Transport:** Where an employee who does not reside in employer accommodation is called back to work outside the employee's normal hours of duty in respect of work which could not be foreseen or prearranged, the Employer shall either:

- (i) provide the employee with transport from the employee's place of residence to the institution where the employee is employed and to the place of residence from the institution; or
- (ii) reimburse the employee the actual and reasonable travelling expenses incurred in travelling from the employee's place of residence to the institution or from the institution to the employee's place of residence, or both travelling to and from the institution.

9.3 Where an employee is "on call" the allowance set out in clause 10 below will be paid.

10.0 Allowances

10.1 On Call

10.11 In the interests of healthy rostering practices, the parties agree that the allocation of on-call time should be spread as evenly as practicable amongst those required to participate in an on-call roster.

10.12 With effect from 4 June 2018 an employee who is instructed to be on call during normal off duty hours, shall be paid an on call allowance of \$8.00 per hour except on Public Holidays when the rate shall be \$10.00.

10.1.3 The on call allowance is payable for all hours the employee is rostered on call including time covering an actual call out.

- 10.1.4 Unless by mutual agreement or in emergencies, no employee shall be required to remain on call for more than 40% of the employee's off-duty time in any three-weekly period.
- 10.1.5 In services where the employer's operational requirements and staffing levels permit, employees working seven day rosters should not be rostered on call on their rostered days off.
- 10.1.6 An employee who is required to be on call and report on duty within 20 minutes shall have access to an appropriate locator or a cell phone.

10.2 Higher Duties

- 10.2.1 A higher duties allowance shall be paid to an employee who, at the request of the employer is substantially performing the duties and carrying the responsibilities of a position or grade higher than the employee's own.
- 10.2.2 Except as provided for under clause 10.2.3, the higher duties allowance payable shall be \$3.00 per hour provided a minimum of 8 consecutive hours of qualifying service is worked per day or shift.
- 10.2.3 Where an employee performs the duties of the higher position for more than five consecutive days (or, for example, three consecutive days when 12 hour shifts are worked, or four consecutive days when working 10 hour shifts), the allowance payable shall be the difference between the current salary of the employee acting in the higher position, and the minimum salary the employee would receive if appointed to that position.

10.3 Shift Coordination Allowance

- 10.3.1 From 14 August 2023 an allowance of \$24 per shift will be payable to a registered nurse or registered midwife where:
 - (i) They are assigned to a shift coordinator role for their ward/department/ or team for the duration of the shift (excluding breaks). With that shift being a period of at least eight hours.
 - (ii) They are not in a designated senior nurse / midwife position or receiving a higher duties or other allowance for the shift.
 - (iii) The shift coordinator duties include (but may not be limited to):
 - (a) Organising resourcing for the current and subsequent shifts
 - (b) Ensuring safe staffing information is collected and inputted appropriately.
 - (c) Supervision of staff.
 - (d) Overall responsibility for patient flow and coordination for the ward/department.
 - (e) Liaising with other wards and departments and duty management teams.

10.3.2 The allowance in 10.3.1 will not be paid where a designated senior nurse is already carrying-out the role and functions of shift coordination.

10.3.3 For clarity, the allowance in 10.3.1 may not be applicable for every ward/department/service and may not be applicable for every shift.

10.4 Duly Authorised Officers

10.3.1. Duly Authorised Officers Allowance

Duly Authorised Officer means an employee appointed by the Director of Area Mental Health Services to undertake Duly Authorised Officer role and function as defined in the Mental Health (Compulsory Assessment and Treatment) Act 1992.

Employees who are designated by the employer as Duly Authorised Officers shall receive an annual allowance (pro-rata for part time staff) payable fortnightly on the following basis:

District	Per Annum Payment
Hutt Valley	\$2,500
Wairarapa	\$2,500
Midcentral	\$2,500 (See side letter for Mental Health Emergency Team DAO payments)
Taranaki	\$2,500
Hawkes' Bay	\$2,500
Bay of Plenty	\$2,500
Northland	\$2,500
Lakes	\$2,500
Waikato	\$2,500
Tairāwhiti	\$2,500
Whanganui	\$2,500
Southern	\$3,400
South Canterbury	\$3,400
Canterbury	\$3,000 & \$500
Capital & Coast	\$5,177

The DAO allowance for Capital and Coast District's Crisis Team will be \$5,177 per annum until the standard DAO payments exceed this. This amount is an entitlement to those employees who are on a base salary plus benefits.

This allowance will be paid pro rata for part-time employees.

10.5 Authorised Officers Allowance

10.4.1 Authorised Officer means an employee appointed to undertake the Authorised Officer role and function as defined in section 91 of the Substance Addiction (Compulsory Assessment and Treatment) Act 2017.

10.4.2 Employees who are designated as Authorised Officers shall receive a \$2,500 annual allowance payable fortnightly. The allowance will be paid pro rata for part time staff. Those employees already in receipt of a higher allowance as at 6 September 2021 will be entitled to continue to receive the higher allowance.

10.6 Telephone On-Call

10.5.1 Where an employee is rostered on an on-call roster and receives a work-related telephone call where the issue of patient care can be resolved over the telephone, and that does not result in a call back, they shall be entitled to payment of \$10.00 per call (regardless of the duration of the telephone call).

10.5.2 In order to be eligible for payment, each call must be logged and include a file/case note recording relevant details and advice.

10.5.3 An employee who responds to a call back by the way of telephone (as per 10.5.1 above) and who is subsequently required to return to work in relation to the same matter shall be paid in accordance with clause 9.1 and shall not receive payment under clause 10.5.1 as well.

For clarity a telephone call does not interrupt minimum break between spells of duty and does not constitute “work” for the purposes of determining whether an employee’s observance of a Public Holiday is transferred.

NOTE: Where Districts already have a superior payment for Telephone On-Call (greater than \$10 per call) this arrangement will remain in place.

10.7 Meal Allowance

A shift worker who works a qualifying shift of eight hours or the rostered shift, whichever is the greater, and who is required to work more than one hour beyond the end of the shift (excluding any break for a meal) shall be paid a meal allowance of \$7.95, or, at the option of the employer, be provided with a meal.

10.8 Caseload Midwives

10.8.1 Standard hours

Hours of work for caseload midwives should not exceed 160 hours in any 4 week period or exceed 100 hours in any 2 week period.

The caseload team is to organize their roster to allow midwives four periods of 24 hours off in every 2 week period with cover provided by an appropriate team member.

These hours are not to be taken as 4 single days off unless this arrangement is self-rostered by the midwife concerned and agreed to by the employer.

Midwives may elect to be on call for births during their time off.

Caseload midwives will not be required to work more than 12 hours but may choose to do so at their discretion having regard for professional and/or clinical safety.

The employer would not expect midwives to work more than 16 consecutive hours or 24 hours intermittently without having an 8 hour break.

There are no standard hours of work. Caseload midwives are expected to organize their working hours to ensure provision of a continuous 24 hour midwifery service within the above limits on standard hours.

Note: Overtime payments do not apply, see clause 8.0.1.

Midwives will not be required nor will they elect to practice continually for any length of time that they consider professionally and/or clinically unsafe. The determination of professional and/or clinical safety will be determined by the midwives affected and the employer.

10.8.2 Caseload requirements

In order for optimum midwifery care to be maintained, a midwife offering full midwifery care must ensure realistic caseload levels. The NZCOM recommends a guideline of 40-50 women per year if the midwife is the Lead Maternity Carer.

The number of cases per FTE per year that constitute a full-time caseload will be agreed between the caseload midwives and the employer locally (at each District), having consideration for:

- the guidelines established by the New Zealand College of Midwives (NZCOM); and
- the setting within which the midwife is practising (i.e. rural or urban); and
- the extent to which the District requires the caseload midwife to assist in providing midwifery care in the unit.

10.8.3 Transport and Mileage

- (a) While travelling on employer business, the employee will be reimbursed for costs on an actual and reasonable basis on presentation of receipts.
- (b) The employer may provide a work-related vehicle for the purposes of business travel, and any reimbursement of mileage is for the use of the employee's private motor vehicle for employer business purposes.

For employees with a previously grand-parented scheme, the following shall apply. The employee shall accrue the entitlement in accordance with clause 20.1 above, with their service being deemed to commence, for the purpose of this calculation, on the date service was previously deemed to commence under the grand-parented scheme. Any long service leave actually taken, shall be deducted from that entitlement and the residue shall become the remaining entitlement. That shall be added to any further accrual, with the leave being taken in accordance with clause 20.1 above.

- 20.4 Leave without pay in excess of three months taken on any one occasion will not be included in the 5-year qualifying period, with the exception of Parental Leave.
- 20.5 The employer shall pay out any long service leave to which the employee has become entitled but has not taken upon cessation of employment.
- 20.6 In the event of the death of an employee who was eligible for long service leave but has not taken the leave, any monies due will be paid to the deceased estate.

21.0 NZNO Meetings

- 21.1 Union members shall be entitled to up to a total of 4 hours leave per year (a year being the period beginning on the 1st day of January and ending on the following 31st day of December) on ordinary pay to attend meetings authorised by the union providing the following conditions are fulfilled.
- 21.2 The union shall give the employer at least 14 days' notice of the date and time of any union meeting to which clause 21.1 above is to apply.
- 21.3 The union shall make such arrangements with the employer as may be necessary to ensure that the employer's business is maintained during any union meeting, including, where appropriate, an arrangement for sufficient union members to remain available during the meeting to enable the employer's operation to continue.
- 21.4 Work shall resume as soon as practicable after the meeting, but the employer shall not be obliged to pay any union member for a period greater than two hours in respect of any meeting.
- 21.5 Only union members who actually attend a union meeting during their working hours shall be entitled to pay in respect of that meeting and to that end the union shall supply the employer with a list of members who attended and shall advise the employer of the time the meeting finished.

Note: The provisions of these clauses (21.1-21.5) are inclusive of any entitlements provided by the Employment Relations Act 2000.

- 21.6 Attendance at Seminars of Section Groups/Colleges of NZNO
- (a) Leave on pay is restricted to one half day or one full day a year for travel where appropriate. This leave is intended to cover the time required for a nurse or midwife to travel to the centre in which the seminar is to be held.
 - (b) Leave on base salary only is to be granted for attendance at a national seminar organised by the NZNO or one of the national interest groups or colleges of that body. Attendance at regional or local seminars does not qualify for leave on pay.
 - (c) Travel and accommodation expenses are the responsibility of the individual attending the seminar.
 - (d) In all cases, granting of leave on pay for travel purposes is to be at the discretion and convenience of the employer.

22.0 NZNO Right of Entry

22.1 The authorised union representative shall be entitled at all reasonable times to be upon the premises for purposes related to the employment of its members and/or the union's business, in accordance with Sections 20 and 21 of the Employment Relations Act 2000.

23.0 NZNO Delegate / Workplace Representative

23.1 The employer accepts that employee job delegates are the recognised channel of communication between the union and the employer in the workplace.

- (a) Accordingly paid time off (at ordinary time rates) shall be allowed for recognised employee delegates to attend meetings with management, consult with union members, and other recognised employee job delegates and union officials, to consult and discuss issues such as management of change, staff surplus, and representing employees.
- (b) Prior approval for such meetings shall be obtained from management. Such approval shall not be unreasonably withheld.

The amount of paid time off and facilities provided shall be sufficient to enable delegates and Convenors of delegates (where these positions exist) to give adequate consideration to the issues in the workplace.

Where recognised workplace activities are required outside working hours, delegates shall be paid at ordinary rates or granted time in lieu on a time for time basis.

24.0 Employment Relations Education Leave

The Employer shall grant leave on pay for employees' party to this CA to attend courses authorised by NZNO to facilitate the employee's education and training as employee representatives in the workplace.

The numbers of days education leave granted is based on the formula of 35 days per annum for the first 280 full time equivalent employees (employees covered by this CA who have authorised the NZNO to act on their behalf) and a further five days per annum for every 100 full time equivalent employees thereafter.

For the purposes of this clause, calculating the number of full-time equivalent eligible employees employed by an employer –

- (a) an eligible employee who normally works 30 hours or more during a week is to be counted as 1:

- (b) an eligible employee who normally works less than 30 hours during a week is to be counted as one-half.

The NZNO shall send a copy of the programme for the course and the name of employees attending at least 28 consecutive days prior to the course commencing.

The granting of such leave shall not be unreasonably withheld taking into account continuing service needs.

The provision of Part 7 of the Employment Relations Act 2000 shall apply where any provision or entitlement is not provided for or is greater than specified above.

25.0 Co-operation, Consultation and Management of Change

25.1 Introduction

25.1.1 The parties to this collective agreement accept that change in the health service is necessary in order to ensure the efficient and effective delivery of health services. They recognise a mutual interest in ensuring that health services are provided efficiently and effectively, and that each has a contribution to make in this regard.

25.1.2 For management of change processes refer to Appendix 1A.

25.1.3 Regular consultation between the employer, its employees and the union is essential on matters of mutual concern and interest. Effective communication between the parties will allow for:

- (a) improved decision making
- (b) greater cooperation between employer and employees; and
a more harmonious, effective, efficient, safe and productive workplace.

25.1.4 Therefore, the parties commit themselves to the establishment of effective and ongoing communications on all employee relations matters.

25.1.5 The employer accepts that employee delegates are a recognised channel of communication between the union and the employer in the workplace.

25.1.6 Prior to the commencement of any significant change to staffing, structure or work practices, the employers will identify and give reasonable notice to employees who may be affected and to the NZNO to allow them to participate in the consultative process so as to allow substantive input.

25.1.7 Reasonable paid time off at T1 shall be allowed for employee delegates to attend meetings with management and consult with employees to discuss issues concerning management of change and staff surplus.

25.1.8 Prior approval of such meetings shall be obtained from the employer and such approval shall not be unreasonably withheld.

25.1.9 The parties agree that meetings will occur regularly between management and NZNO delegates. These meetings will enable effective operational and strategic communication and resolution of issues. Each District shall establish and/or continue the relevant arrangements in existence at the commencement of this Agreement.

25.2 Consultation

25.2.1 Consultation involves the statement of a proposal not yet finally decided upon, listening to what others have to say, considering their responses and then deciding what will be done. Consultation clearly requires more than mere prior notification.

25.2.2 The requirement for consultation should not be treated perfunctorily or as a mere formality. The person (s) to be consulted must be given sufficient opportunity to express their view or to point to difficulties or problems. If changes are proposed and such changes need to be preceded by consultation, the changes must not be made until after the necessary consultation has taken place.

25.2.3 Both parties should keep open minds during consultation and be ready to change. Sufficiently precise information must be given to enable the person (s) being consulted to state a view, together with a reasonable opportunity to do so – either orally or in writing.

25.2.4 Consultation requires neither agreement nor consensus, but the parties accept that consensus is a desirable outcome.

25.2.5 However, the final decision shall be the responsibility of the employer.

25.2.6 From time-to-time directives will be received from government and other external bodies, or through legislative change. On such occasions, the consultation will be related to the implementation process of these directives.

25.2.7 Where there is a significant change to staffing, structure or work practices, the employers will undertake early engagement with affected staff and the NZNO and may create a discussion document prior to developing a “proposal” or “proposed intention or plan”.

25.2.8 In considering the period of consultation the parties will agree on a period of time for the parties to engage with each other. The process of consultation for the management of change shall be as follows:

- (a) The initiative being consulted about should be presented by the employer as a “proposal” or “proposed intention or plan” which has not yet been finalised.

- (b) Sufficient information must be provided by the employer to enable the party/parties consulted to develop an informed response.
- (c) Sufficient time must be allowed for the consulted party/parties to assess the information and make such response, subject to the overall time constraints within which a decision needs to be made.
- (d) Genuine consideration must be given by the employer to the matters raised in the response.
- (e) The final decision shall be the responsibility of the employer.

The above process shall be completed prior to the implementation of clause 25.3.

25.3 Staff Surplus

When as a result of the substantial restructuring of the whole, or any parts, of the employer's operations; either due to the reorganisation, review of work method, change in plant (or like cause), the employer requires a reduction in the number of employees, or, employees can no longer be employed in their current position, at their current grade or work location (i.e. the terms of appointment to their present position), then the options in sub-clause 25.3.4 below shall be invoked and decided on a case by case basis in accordance with this clause.

25.3.1 Where an employee's employment is being terminated by the employer by reason of the sale or transfer of the whole or part of the employer's business, nothing in this agreement shall require the employer to pay compensation for redundancy to the employee if:

- (a) The person acquiring the business or the part being sold or transferred -
 - (i) has offered the employee employment in the business or the part being sold or transferred; and
 - (ii) has agreed to treat service with the employer as if it were service with that person and as if it were continuous; and
- (b) The conditions of employment offered to the employee by the person acquiring the business or the part of the business being sold or transferred are the same as, or are no less favourable than, the employee's conditions of employment, including:
 - (i) any service related conditions; and
 - (ii) any conditions relating to redundancy; and
 - (iii) any conditions relating to superannuation - under the employment being terminated; and
- (c) The offer of employment by the person acquiring the business or the part of the business being sold or transferred is an offer to employ the employee in that business or part of the business either:

- (i) in the same capacity as that in which the employee was employed by the Employer, or
- (ii) in any capacity that the employee is willing to accept.

When condition (b) is not met, the employer may offer a lump payment equivalent to what the difference between the current wage and the new wage would be over a two-year period.

Where the person acquiring the business does not offer the employee employment on the basis of (a), (b) and (c) above, the employee will have access to the Staff Surplus provisions.

25.3.2 Notification of a staffing surplus shall be advised to the affected employees and their Union at least one month prior to the date of giving notice of severance or enhanced early retirement to any affected employee. This date may be varied by agreement between the parties. During this period, the employer and employee, who can elect to involve their Union Representative, will meet to agree on the options appropriate to the circumstances. Where employees are to be relocated, at least three months' notice shall be given to employees, provided that in any situation, a lesser period of notice may be mutually agreed between the employee and the employer where the circumstances warrant it (and agreement shall not be unreasonably withheld).

25.3.3 The following information shall be made available to the Union representatives in respect of affected employees they represent:

- (a) the location/s of proposed surplus
- (b) the total number of proposed surplus employees
- (c) the date by which the surplus needs to be discharged
- (d) the positions, grading, names and ages of the affected employees
- (e) availability of alternative positions within the District.

On request the Union representative will be supplied with relevant additional information where available.

25.3.4 Options - The following are the options to be applied in staff surplus situations:

- (a) Reconfirmed in position
- (b) Attrition
- (c) Redeployment
- (d) Leave without pay
- (e) Enhanced early retirement
- (f) Retraining
- (g) Severance

Option (a) will preclude employees from access to the other options. The aim will be to minimise the use of severance. When severance is included, the provisions in sub-clause 25.3.11 will be applied as a package.

25.3.5 Reconfirmed in position - Where a position is to be transferred into a new structure in the same location and grade, where there is one clear candidate for the position, the

employee is to be confirmed in it. Where there is more than one clear candidate the position will be advertised with appointment made as per normal appointment procedures.

25.3.6 Attrition - Attrition means that as people leave their jobs because they retire, resign, transfer, die or are promoted then they may not be replaced. In addition or alternatively, there may be a partial or complete freeze on recruiting new employees or on promotions.

25.3.7 Redeployment - Employees may be redeployed to a new job at the same or lower salary in the same or new location. The employee's preference for redeployment shall be given due consideration.

- (a) Where the new job is at a lower salary, an equalisation allowance will be paid to preserve the salary of the employee at the rate paid in the old job at the time of redeployment. The salary can be preserved in the following ways:
 - (i) a lump sum to make up for the loss of basic pay for the next two years (this is not abated by any subsequent salary increases); or
 - (ii) an ongoing allowance for two years equivalent to the difference between the present salary and the new salary (this is abated by any subsequent salary increases).
- (b) Where the new job is within the same local area and extra travelling costs are involved, actual additional travelling expenses by public transport shall be reimbursed for up to 12 months.
- (c) The redeployment may involve employees undertaking some on-the-job training.
- (d) Transfer provisions will be negotiated on an actual and reasonable basis.

25.3.8 Leave without pay - Special leave without pay may be granted within a defined period without automatic right of re-engagement. This provision does not include parental or sick leave.

25.3.9 Retraining

- (a) Where a skill shortage is identified, the employer may offer a surplus employee retraining to meet that skill shortage with financial assistance up to the maintenance of full salary plus appropriate training expenses.

It may not be practical to offer retraining to some employees identified as surplus. The employer needs to make decisions on the basis of cost, the availability of appropriate training schemes and the suitability of individuals for retraining.

- (b) If an employee is redeployed to a position which is similar to their previous one, any retraining may be minimal, taking the form of "on the job" training such as induction or in-service education.

Where an employee is deployed to a new occupation or a dissimilar position the employer should consider such forms of retraining as in-service education, block courses or night courses at a technical institute, nursing bridging programmes, etc.

25.3.10 Enhanced early retirement

- (a) Employees are eligible if they have a minimum of ten years' total aggregated service with the employer, its predecessors, but excludes any service with the Employer or their predecessor which has been taken into account for the purposes of calculating any entitlement to a redundancy/severance/early retirement or similar payment from the employer or their predecessors. Employees who commenced employment with the Employers predecessors prior to 1 April 2005, will retain pre-existing enhanced early retirement provisions (contained in Collective Agreements applying immediately prior to this CA), which are more favourable than those in this clause.
- (b) Membership of a superannuation scheme is not required for eligibility.
- (c) The employee shall receive the following:
 - (i) 8.33 per cent of base salary (T1 rate only) for the preceding 12 months in lieu of notice. This payment is regardless of length of service; and
 - (ii) 12 per cent of base salary (T1 rate only) for the preceding 12 months, or part thereof for employees with less than 12 months service; and
 - (iii) 4 per cent of base salary (T1 rate only) for the preceding 12 months multiplied by the number of years of service minus one up to a maximum of 19; and
 - (iv) where the period of total aggregated service is less than 20 years, 0.333 per cent of base salary (T1 rate only) for the preceding 12 months multiplied by the number of completed months in addition to completed years of service; and
 - (v) a retiring gratuity if applicable.
 - (vi) Outstanding annual leave and long service leave may be separately cashed up.

25.3.11 Severance - Payment will be made in accordance with the following:

- (a) "Service" for the purposes of this sub-clause means total aggregated service with the employer, or its predecessors but excludes any service with the employer or their predecessor which has been taken into account for the

purposes of calculating any entitlement to a redundancy/severance/early retirement or similar payment from the employer or their predecessors. Employees who commenced employment with the employers predecessors prior to 1 April 2005, will retain pre-existing severance provisions, which are more favourable than those in this clause.

- (b) 8.33 per cent of base salary (T1 rate only) for the preceding 12 months, in lieu of notice. This payment shall only be made where the requisite notice cannot be given. Notice that is of a lesser period than required by this document shall require the employer to pay an amount proportionate to the ungiven period of notice. This payment is regardless of length of service; and
- (c) 12 per cent of base salary (T1 rate only) for the preceding 12 months, or part thereof for employees with less than 12 months' service; and
- (d) 4 per cent of base salary (T1 rate only) for the preceding 12 months multiplied by the number of years of service minus one, up to a maximum of 19; and
- (e) where the period of total aggregated service is less than 20 years, 0.333 per cent of basic salary (T1 rate only) for the preceding 12 months multiplied by the number of completed months in addition to completed years of service.
- (f) a retiring gratuity or service payment if applicable (refer to appendix 2(a)) containing each Districts Retiring Gratuity provision which is specific to each District.
- (g) outstanding annual leave and long service leave may be separately cashed up.
- (h) Where there is an offer of redeployment to reduced hours, an employee may elect to take a pro-rata compensatory payment based on the above severance calculation.
 - (i) Nothing in this agreement shall require the employer to pay compensation for redundancy where as a result of restructuring, and following consultation, the employee's position is disestablished and the employee declines an offer of employment that is on terms that are:

the same as, or no less favourable, than the employee's conditions of employment; and in the same or similar position to the disestablished position in which the employee was employed by the employer, or in any position in which the employee is willing to accept

25.3.12 Job Search

Employees will be assisted to find alternative employment by being able to have a reasonable amount of time off work to attend job interviews without loss of pay. This is subject to the team leader/manager being notified of the time and location of the interview before the employee is released.

25.3.13 Counselling

Counselling for the employee and their family will be made available as necessary.

26.0 Family Friendly Practices

The employer recognises the importance of family friendly practices in the workplace and will work with the union to develop an environment where family friendly policies are practised.

26.1 Reappointment after Absence due to Childcare

26.1.1 Employees who resign to care for a dependant pre-school child or children may apply to their former employer for preferential re-appointment.

26.1.2 The total period of childcare absence allowed is four years plus any increases in lieu of parental leave. Longer absence renders a person ineligible for preferential appointment.

26.1.3 The employer shall make every effort to find a suitable vacancy for eligible applicants as soon as their eligibility for preferential re-entry is established. Appointment to a position may be made at any time after the original notification of intention to return to work, provided the appointee agrees.

26.1.4 Absence for childcare reasons will interrupt service but not break it.

26.1.5 The period of absence will not count as service for the purpose of sick leave, annual leave, retiring leave or gratuities, long service leave or any other leave entitlement.

26.1.6 Employees do not have a right of review against their non-appointment.

26.2 Childcare Facilities

The parties recognise the importance of good quality childcare facilities being readily available to employees, and support present childcare facilities arrangements. Employers are encouraged to provide facilities for mothers to feed infants.

27.0 Confidentiality/Public Statements

- 27.1 In recognition of the rights and interests of the public in the health service employees reserve the right to enter into public debate over matters relevant to their professional expertise and experience.
- 27.2 If an employee is concerned about any issues regarding their practice, the practice of the employer, or other matters with respect to the operation of the employer, the parties agree that, in the first instance, the matter should be raised in-house as a matter of course with the appropriate manager, or the person responsible for Protected Disclosures.
- 27.3 If the concerned employee is not satisfied with the response given, they may speak out on the issue of concern provided that they identify themselves as speaking in a personal capacity or speaking on behalf of NZNO with its authority to do so.

- 31.2 It shall be the responsibility of the employer to ensure that the workplace meets required standards and that adequate and fit for purpose safety equipment is provided.
- 31.3 It shall be the responsibility of every employee covered by this agreement to work safely and to report any hazards, accidents or injuries as soon as practicable to their supervisor.
- 31.4 It is a condition of employment that safety equipment and clothing required by the employer is to be worn or used by the employee and that safe working practices must be observed at all times.
- 31.5 Attention is also drawn to the employer's policies and procedures on health and safety.
- 31.6 The employer recognises that to fulfil their function Health and Safety Representatives (HSRs) require adequate training (**including** unit standard 29315), time and facilities. The Health and Safety at Work Act 2015 requires employers to allow a health and safety representative to spend as much time as is reasonably necessary to perform their functions or exercise their powers under the Act (clause 10(c), Schedule 2). Any work that has is necessary outside of working hours will be paid be at T1 or granted time in lieu provided the employer has given approval for the out of hours H & S work, which shall not be unreasonably withheld.

- 31.7 The parties to this agreement recognise that effective health and safety committees are the appropriate means of providing consultative mechanisms on health and safety issues in the workplace.

32.0 Accidents – Transport of Injured Employees

- 32.1 Transport of injured employees – Where the accident is work-related and the injury sustained by the employee necessitates immediate removal to a hospital, or to a medical practitioner for medical attention and then to their residence or a hospital, or to their residence (medical attention away from the residence not being required), the employer is to provide or arrange for the necessary transport, pay all reasonable expenses for meals and lodging incurred by or on behalf of the employee during the period they are transported, and claim reimbursement from ACC.

33.0 Safe Staffing

Where Care Capacity Demand Management (CCDM) FTE calculations have not been agreed by the parties, NZNO and local management will meet to agree the minimum numbers of safe staffing needed in each ward/service/workplace to provide safe and effective care to patients. The discussion should also consider the ratio of staff skill mix, data available and any relevant benchmarks.

This will follow the same endorsement process as FTE calculations for wards/departments fully implemented with CCDM, including annual reviews, through the local CCDM Data Councils and district CCDM Councils.

The parties continue to work together to fully implement CCDM, including acuity-based FTE calculations.

34.0 Uniforms and Protective Clothing

- 34.1 Where the employer requires an employee to wear a uniform, it shall be provided free of charge, but shall remain the property of the employer.
- 34.2 Suitable protective clothing shall be provided at the employer's expense where the duty involves a risk of excessive soiling or damage to uniforms or personal clothing or a risk of injury to the employee.
- 34.3 Damage to personal clothing – An employee shall be reasonably compensated for damage to personal clothing worn on duty or reimbursed dry cleaning charges for excessive soiling to personal clothing worn on duty, provided the damage or soiling did not occur as a result of the employee's negligence, or failure to wear the protective clothing provided. Each case shall be determined on its merits by the employer.

34.4 Clothing Allowance

(i) A taxable allowance of \$3.42 per day (or proportionate part thereof for nurses/midwives/HCAs employed part-time) shall be paid for each working day on which, because of therapeutic requirements or in the interests of patient care/rehabilitation, a nurse or midwife is required by the employer to wear civilian clothes instead of the normal uniform (such requirement or direction shall be in writing and a copy shall be forwarded to NZNO)

(ii) In the absence of a written requirement or direction, either a uniform shall be made available or a taxable allowance of \$3.42 per day shall be paid until such time as a uniform is made available.

Provided that no allowance shall be payable to tutorial staff, staff wholly or mainly employed in an administrative role, students undertaking classroom tuition, or staff who, with the employer's permission elect to wear civilian clothing on duty.

35.0 Payment of Wages

35.1 Employees will be paid fortnightly in arrears by direct credit. Where significant errors have occurred as a result of employer action or inaction, corrective payment must be made within one working day of the error being brought to the employer's attention. All other instances, corrective payment will be made as soon as practicable but no later than the next fortnightly pay period. The parties also acknowledge that the financial impact on the employee must be taken into consideration when determining when payment will be made.

35.2 Where an employee has taken leave in advance of it becoming due, and the employee leaves before the entitlement has accrued, the employer will deduct the amount owing in excess of entitlement from the employee's final pay.

35.3 Any monies agreed, as being owed by the employee to the employer upon termination will be deducted from the employee's final pay.

35.4 The employees shall complete timesheets as required by the employer. Wherever practicable any disputed items shall not be changed without first referring it to the affected employee.

35.5 Overpayment Recovery Procedures: Attention is drawn to the Wages Protection Act 1983. The provisions of this Act, or any amendment or Act passed in substitution for this Act, shall apply.

35.6 The employer shall use its best endeavours to direct credit payment of wages into the employee's bank account one clear banking day prior to a public holiday.

36.0 Termination of Employment

36.1 Notice Period

The employee/employer may terminate the employment agreement with four weeks written notice, unless otherwise negotiated with the employer. Agreement for a shorter notice period will not be unreasonably withheld. When the agreed notice is not given, the unexpired notice may be paid or forfeited by the party failing to give the agreed notice.

This shall not prevent the employer from summarily dismissing any employee without notice for serious misconduct or other good cause in accordance with the employers disciplinary procedures and/or rules of conduct.

36.2 Abandonment of Employment

An employee absent from work for three consecutive working days without notification to the employer or without appropriate authorisation from the employer will be considered by the employer as having terminated their employment without notice, unless the employee is able to show they were unable to fulfil their obligations under this section through no fault of their own. The employer will make all reasonable efforts to contact the employee during the three days period of unnotified absence.

37.0 Harassment Prevention

37.1 Employees should refer in the first instance to the provisions and procedures specified in the employer's Harassment Policy. The employee's attention is also drawn to clause 37 Employment Relationship Problems. Harassment can take many forms, including sexual harassment, bullying, racial harassment, violence, and other forms of intimidating behaviour.

37.2 Sexual harassment is verbal or physical behaviour of a sexual nature which is unwelcome to the receiver and is embarrassing or intrusive. It affects morale, work effectiveness and the right to enjoy a good working environment. Some types of behaviour constituting sexual harassment are listed below:

- (a) Type of behaviour
 - (i) sex-orientated jibes or abuse;
 - (ii) offensive gestures or comments;
unwanted and deliberate physical contact;
requests for sexual intercourse, including implied or overt promises for preferential treatment or threats concerning present or future employment status.

- (b) Where it may occur
 - (i) among co-workers;
 - (ii) where a supervisor uses position and authority to take sexual advantage of another employee or to control or affect the career, salary or job of that employee;

(iii) in dealing with members of the public.

- (c) Responsibilities for supervisors and complainants when dealing with sexual harassment:

It is the responsibility of the employer to maintain a work environment free of unwelcome behaviour and to provide a mechanism for reporting sexual harassment, ensuring a fair investigation and avoiding reprisals against the complainant;

Care is to be taken during the investigation of any complaint of sexual harassment and afterwards to prevent any disadvantage to the complainant and care must also be taken to protect the position of other parties if the complaint is found to be unwarranted.

The employer relies on supervisors at all levels to facilitate and encourage proper standards of personal and ethical conduct in the workplace.

36.3 Sexual harassment complaints must be taken seriously and handled with sensitivity and impartiality. Behaviour, words and gestures have different meanings in different cultures. What may be acceptable in one culture may not be in another. This needs to be taken into account in the workplace.

37.4 Guidelines for Supervisors and Guidelines for Complainants are available in the employer's Human Resources Manual and/or from the Human Resources Department.

37.5 Racial Harassment

An employee is racially harassed if the employee's employer or a representative of the employer uses language (whether written or spoken), or visual material, or physical behaviour that directly, or indirectly:

- (a) expresses hostility against, or brings into contempt or ridicule, the employee on the grounds of race, colour, or ethnic or national origins of the employee; and
- (b) is hurtful or offensive to the employee (whether or not that is conveyed to the employer or the representative); and
- (c) has, either by its nature or through repetition, a detrimental effect on the employee's employment, job performance or job satisfaction.

38.0 Resolution of Employment Relations Problems

An "employment relationship problem" includes:

- (a) A personal grievance
- (b) A dispute
- (c) Any other problem relating to or arising out of the employment relationship
But does not include any problem with negotiating new terms and conditions of employment.

Where an Employment Relationship Problem arises, the parties will in the first instance seek to resolve it between the immediately affected parties. Further to this:

The employee is entitled to seek representation at any stage during the process. Help with an employment relations problem is available from within the workplace (employee manager) or outside the workplace (Ministry of Business, Innovation and Employment 0800 800 863), or a union, an advocate or a lawyer.

If the matter is unresolved either party is entitled to seek mediation from the Labour Department or refer the matter to the Employment Relations Authority. (Both mediation and investigation by the Authority are services available for the resolution of employment relationship problems.)

A “personal grievance” means a claim that an employee:

- (a) has been unjustifiably dismissed; or
 - (b) to their disadvantage by some unjustifiable action by the employer; or
 - (c) has been discriminated against their employment; or
 - (d) has been sexually harassed in their employment; or
 - (e) has been racially harassed in their employment; or
- has been subjected to duress in relation to union membership.

If the employment relationship problem is a personal grievance, the employee must raise the grievance with the employer within a period of 90 days beginning with the date on which the action alleged to amount to a personal grievance occurred or came to the notice of the employee, whichever is the latter. Where the grievance is in respect of sexual harassment the employee needs to raise their grievance within 12 months of the action occurring or the grievance coming to their notice.

Where any matter comes before the Authority for determination, the Authority must direct the matter to mediation in the first instance. Where mediation has failed or been deemed inappropriate in the circumstances, the Authority will then have the power to investigate the matter.

If the employment relationship problem relates to discrimination or sexual harassment, services available for the resolution of the problem include either application to the Authority for the resolution of this grievance or a complaint under the Human Rights Act 1993, but not both.

39.0 Deduction of Union Fees

The Employer shall deduct employee NZNO fees from the wages/salaries of employees when authorised in writing by members and shall remit such subscriptions to the NZNO at agreed intervals.

A list of members shall be supplied by NZNO to each District on request.

40.0 Bargaining Fee

It is agreed that a bargaining fee shall be applied to those employees whose work is covered by this Agreement but who are not members of NZNO and who are not members of another union, and who do not otherwise opt out of this clause, in accordance with the Employment Relations Act 2000 (S.69P and following).

40.1 For the purpose of this clause:

(a) the "bargaining fee" shall be set at 100% of the current NZNO membership subscription rate (Registered Nurses \$23.74 per fortnight, Enrolled Nurses \$18.96 per fortnight, HCA's \$14.16 per fortnight) and paid each pay period, and shall not increase during the term of this clause;

(b) the date the bargaining fee commences is 14 days after the expiry of the specified period as advised to the affected employees in accordance with S.69R.(1)(c) of the Employment Relations Act 2000;

(c) an "affected employee" is one

(i) whose work is covered by the coverage clause of this Agreement and

(ii) whose terms and conditions of employment comprise or include the terms and conditions of employment specified in this Agreement and

(iii) who is not a member of the union and

(iv) who is not a member of another union and

(v) who is not an employee who has opted out.

(d) An "employee who has opted out" is one who would otherwise be an affected employee but who has notified the employer by the end of the specified period that they do not wish to pay the bargaining fee, and whose terms and conditions of employment remain the same until such time as varied by agreement with the employer.

40.2 The employer shall at the end of the specified period deduct the bargaining fee from the wages of each affected employee and remit it to the union in the same manner in which union subscriptions are deducted and remitted to the union.

40.3 Nothing in this clause applies to new employees, that is, those who are employed after this Agreement has come into force.

40.4 This clause shall expire on 31 October 2024.

41.0 Superannuation

- 41.1 Where an employee is a member of a KiwiSaver scheme under the KiwiSaver Act 2006, effective 31 March 2008, the employer will make an employer contribution to that scheme, matching the employee's contribution dollar for dollar, up to a maximum of 3% of the employee's total gross earnings (unless a higher employer contribution is required by law).

42.0 Retiring Gratuities

Retiring Gratuities are available to employees who are retiring from Te Whatu Ora where those provisions existed in Collective Agreements which were in place prior to 1 July 2004. Those District-specific provisions are attached as Appendix 2(a) to this MECA. All cut off and implementation dates expressed in those District-specific provisions will continue to apply in each District.

AGREEMENT FOR A BIPARTITE RELATIONSHIP FRAMEWORK

Appendix 1 (b)

Healthy Workplaces Agreement

The parties to this MECA agree that all employees should have healthy workplaces.

Te Whatu Ora and NZNO commit to the following:

- 1) Full implementation of CCDM in all DHBs by 30 June 2021.
- 2) Implementation plans shall be agreed between the CCDM councils in each District and the Safe Staffing Healthy Workplaces Governance Group within 6 months of ratification of the NZNO/Te Whatu Ora CA.
- 3) The plans shall be published by each District and the SSHWU, and complied with according to the agreements reached with the SSHWU Governance Group.
- 4) The plans shall comply with the CCDM standards and among other things include;
 - Timeframes for each stage/milestone of CCDM.
 - Paid release of staff to attend education and all other components of CCDM e.g. steering group meetings, CCDM council meetings.
 - Education on a validated acuity tool and the CCDM programme for all staff, (The parties note that there may be more than one acuity tool).
 - Agreed resourcing to ensure implementation of the plans and consequent/subsequent activities.

The Operating Policy Framework (OPF) is the mechanism used by the Ministry of Health to monitor DHB performance. The Ministry will include in the OPF the requirement that DHBs implement a validated patient acuity system and plan their DHB nursing and midwifery workforce requirement in line with the CCDM programme methodology, which includes the implementation of the agreed FTE calculations.

The parties reaffirm the commitment to achieving healthy workplaces through the implementation of Care Capacity Demand Management (CCDM).

Achieving healthy workplaces requires:

A nationally consistent care capacity management¹ approach which provides for the appropriate levels of staff, skill mix, experience, and resourcing to achieve a match between demand and capacity. This includes:

- Timely response to Care Capacity Demand Management (CCDM) data which shows a need to adjust staffing levels to meet demand.
- An acuity tool that is validated according to the SSHW Validated Patient Acuity Standard Required for the Care Capacity Demand (CCDM) Programme
- Adequate resourcing to progress implementation and maintenance of the CCDM program.
- Transparency of information including the sharing of data reports between parties and NZNO participation at relevant meetings.
- Visibility of acute staff shortages (identified by care hours required - exceeds care hours provided as identified by acuity) is visible in the public space of each ward or unit. Where services do not have a physical public space to display this information eg., District Nursing Services, community-based nursing/midwifery services, managers and clinical staff will decide the best way to make this information publicly available. This information is to be made available at the beginning of each work period/shift.

1. Systems, processes and work practices that ensure efficient scheduling and a credible, consistent and timely response to variance in demand and include nursing and/or midwifery clinical judgment.
2. A workplace culture between employees and their managers that reflects an understanding and actively advocates a balance between safe quality care, a safe quality work environment and organisational efficiency.
3. Recognition that everyone can be a leader by using the authority (expertise) vested in their role to participate and constructively engage with others.
4. The development of a learning culture that emphasizes employees at all levels being given the opportunity to extend their knowledge and skills, as identified in their performance development plans where they are in place.
5. Appreciation that good patient outcomes rely on the whole team and that teams need opportunities to work and plan together.

¹ Care capacity management is the process of ensuring that the demand for service placed on an organisation can be adequately met within a context of quality patient care, a quality work environment for staff, and fiscal and procedural efficiency.

6. Having the right tools, technology, environment and work design to support health and safety and to ensure effective health care delivery. This includes the opportunity to be involved in the decisions about what is needed and when.

The parties agree that these seven elements should be evident in all District workplaces and apply to all employees, and agree to work jointly towards the implementation of them by the following:

- The parties agree to work together to establish a national framework for a whole of system approach to care capacity management which;
 - provides efficient, effective, user friendly processes and structures
 - provides centralized, multi stakeholder governance
- is used consistently and effectively at all levels to manage and monitor care capacity includes a core data set by which the health of the system is monitored and is used to inform forecasting, demand planning, and budgeting
 - includes consistent, credible, required responses to variance in care capacity
 - recognises the need for local solutions consistent with the principles of healthy workplaces
- Each party will undertake to promote and model behavior that demonstrates productive engagement and builds a workplace culture that enables everyone to feel their contribution is valued and respected. Opinions of those performing the work will be sought when new innovations, improvements and changes are required, in a manner consistent with consultation and change management processes referred to below
- Quality of care and quality of the work environment are agreed priorities that underpin productivity and will be incorporated in all workplace processes and actively sponsored at all levels of the organization
- Developing and maintaining policies and practices that actively encourage all employees to be confident in leading and making decisions within their levels of expertise and experience.
- Access for all employees to appropriate professional development and appropriate learning opportunities, including appropriate national qualifications, in order to give them greater opportunities to extend their roles and responsibilities within the public health system.
- Facilitating appropriate release time to attend relevant professional development and learning opportunities;
- A wider team approach to planning and evaluation of service capacity and service delivery will be used to ensure the right people with the right skills are providing the right care (role) at the right time in the right place. This will support staff in taking responsibility and accountability for their own services' performance, and using the tools and policies in place to effect improvement

- Nationally consistent consultation and change management processes to facilitate both input into decision making on issues affecting the workplace and active engagement in the development and /or problem solving of initiatives to address the issues.

Commitments and Enforceability

Te Whatu Ora acknowledges that the provision of safe staffing and a safe and healthy workplace is a right for all employees. The Districts each commit to and agree to take all reasonably practicable steps to ensure this outcome including by

- Having sufficient experienced nurse and midwifery resources available to meet short notice staffing shortfalls.
- Ensuring that nurse and midwifery managers are able to immediately resolve the staffing shortfalls, in accordance with the Escalation Pathway set out in this Appendix (*Healthy Workplaces Agreement*).
- Having a sufficient number of experienced staff available, including to cover any clinical area.
- Complying with the Escalation Pathway set out below.

These commitments shall be deemed to form part of the CA and accordingly give rise to rights and duties which are legally enforceable as against each District, such that NZNO may apply to the Employment Relations Authority for remedies, including penalties, in the event that they consider that any such commitment has been or is being breached.

Where any claim is made by NZNO to the Employment Relations Authority under this clause, the relevant District Director or equivalent will inform the Director General of Health within 5 days of the claim being lodged.

Escalation Pathway

An "Acute Staffing Shortage" is identified as the acuity of the patient care required exceeding care hours available. Where available, this is measured by the validated acuity tool (as Variance Response Status) that includes using the 'shift below target' measure, where the difference in the care hours provided and the care hours required is greater than negative 8.5% (or 40 minutes per FTE).

District Support of safe staffing and escalation

To support safe staffing and the escalation pathway Districts agree to the following:

- A variance response management team (VRM team) made up from Registered Nurses, Registered Midwives, Health Care Assistants available on every shift to be deployed to areas of need, directed by the hospital operations manager or duty nurse manager and including and/or being overseen by a senior clinical resource
- Timely recruitment processes to avoid unwarranted delays
- The role of health and safety legislation and Person Conducting a Business or Undertakings (PCBUs)

- Patients and staff safety and wellbeing are paramount objectives of the escalation process
- Response times shall ensure effective remedial action to address unsafe staffing and will be agreed by the parties for each part of the process
- Managers shall be trained on the escalation pathway
- NZNO shall train own staff
- Clarification provided on who has authority to address each stage of the process at each District
- Incident reporting is critical to the escalation process
- Consideration to be given to appropriate skill mix
- Availability of casuals/ new graduates/ resource nurse

The Escalation Pathway

In addition, the following escalation process shall apply:

When an employee or nursing or midwifery team considers they have reached the limits of safe practice they will be supported to resolve the situation as follows:

- The nurse or midwifery manager or duty manager will be immediately informed of the situation by the nurse or midwife.
- The nurse or midwife will not be required to take additional workload until strategies have been implemented to address the immediate workload issues
- The hospital operations manager will review the situation (including without limitation utilising appropriate professional clinical judgement) to validate whether there is an Acute Staffing Shortage as defined above.
- Having assessed the situation in consultation with the affected nurse/team (where practicable), the appropriate manager will use reasonable efforts to alleviate the affected employee's or team's concerns including for example:
 - Staff in areas with surplus care hours are redeployed by the hospital operations manager to alleviate the immediate safe staffing concerns.
 - The VRM response team, or other resource pool staff, are activated to respond to the areas of acute staffing shortage

If the process outlined above does not resolve the situation, steps will be taken immediately to elevate the issue to that level of nursing service management authorised to resolve the immediate problem and take steps to reduce the likelihood or a recurrence of similar problems.

- The most senior nurse or midwife in the District, at the time of the event, will report the event to the most senior manager in the District as soon as is reasonably possible. [For example; the Nurse or Midwifery Manager or Duty Manager will immediately advise the Director of Nursing (DoN) or, if the DoN is not available, the Manager responsible for the hospital at that time.]

- Direct assistance will then be given from this level in the organisation, and the event reported to the Chief Executive by the DoN as soon as is reasonably possible.

In the event an acute staffing shortage cannot be alleviated, and where it is reasonably practicable to do so, patient cares, and/or the volume and/or range of services will be reduced in accordance with direction by the appropriate manager and employer policies.

All acute staffing shortages shall be reported and investigated and an NZNO delegate will be involved in investigations and corrective measures.

Appendix 1 (c)

Job Evaluation Review Committee (JERC)

- The JERC will consist of four (4) representatives from Districts' and NZNO respectively. Eight (8) people in total.
- The committee will meet up to four times per calendar year
- The primary function will be to scope new positions, changed job descriptions, and receive and consider appeals.
- The JERC will continue to use "Process to Review" documents (August 07) for each submission received.
- The committee will utilize an external consultant as necessary to complete the evaluation process.

1. Te Whatu Ora has the right to determine designated senior nursing and midwifery positions in line with the nationally agreed job scoping and titles process.

Every endeavour will be made to resolve the issue locally, but where the issue remains unresolved it will be referred to JERC for opinion before the affected District makes the final decision.

2. If a District establishes a new designated senior nursing or midwifery role (at that District) with a title and position description that has been previously scoped nationally using the scoping process, placement on the salary scale will be dealt with at the local level with NZNO involvement.

Every endeavour will be made to resolve the issue locally, but where this is unable to be achieved the issue will be referred to the JERC for scoping.

3. Where a totally new designated senior nursing or midwifery role is created, outside of the current titles and descriptors, it will be directly referred to the JERC for scoping.
4. NZNO may refer a role to JERC that they believe is a new designated position in order to determine if it is in fact a designated position or not, and if so what grade it should be scoped to.

All local decisions will be advised to the national Employment Relations Team formally known as TAS who hold the master listing on behalf of the JERC.

The parties to this CA will evaluate the function and operation of the JERC twelve months after the date of signing this CA.

Appendix 1 (d)

NEW ZEALAND NURSES ORGANISATION AND DISTRICT HEALTH BOARDS HEALTH CARE ASSISTANT/ HOSPITAL AIDE MERIT ALLOWANCE PAYMENT POLICY DOCUMENT

The following is extracted from a more detailed handbook which is available in each DHB.

Background

Included at Clause 27.10 of the DHB's/NZNO Nursing Midwifery MECA are merit payments for Health Care Assistants and Hospital Aides (HCA/HA). These payments are made as an allowance and are added to the base rates of pay and are paid for all hours worked. They attract penal rates and overtime

The rates of allowance are as follows.

Merit 1 \$1000 per annum

Merit 2 \$2000 per annum

The allowance continues to be paid only as long as the HCA/HA maintains the merit criteria applicable to the allowance, which they had approved

Upon meeting the necessary criteria an employee shall be awarded either a Merit 1 or Merit 2 allowance. They are not cumulative. i.e. the maximum allowance is \$2000 per annum.

Eligibility

The employment agreement uses the designations HCA/HA but these allowances are available to all employees who are paid correctly on the HCA/HA scale irrespective of their position title. In order to be paid on the HCA/HA scale the employee, irrespective of their job title, must meet the definition of Health Care Assistant or Hospital Aide as agreed between the employers and the union. The definition is:

"An employee who is an auxiliary to the nursing team and is able to perform tasks in their position description relating to patient care and who works under the direction of a registered nurse or midwife. Attention is drawn to the list of titles current 28 November 2005 identified by the HCA Working Party and further acknowledge that whilst there are a range of common titles existing across DHBs, different designations are also in use such as Operating Theatre Assistants"

Note This document contains titles that are common in many DHBs. However, it is acknowledged that some Boards use different titles. Where this exists the document should be read as if the local titles apply

DESIGNATED SENIOR NURSES / MIDWIVES JOB TITLES

The titles recommended in this report have been endorsed by the parties

Introduction

This document represents the work of the DHBNZ / NZNO Senior Nurse/Midwife job title working party.

The Working Party Process

The working party started its work by asking the DHBs to identify the current titles of their Senior Nurse/Midwife roles. The working party considered these titles and the type of work undertaken by each of the positions identified. There was a lot of difference between the titles in use and the type of work undertaken by senior roles across the DHBs. The working party used the information provided by the DHBs as well as the recommendations of the National Nurses Organisation (NNO) to develop draft position titles.

Clarifying Notes

1. These titles DO NOT reflect salary grades. There will be different levels of positions with the same title that sit on different salary grades as determined during the Senior Nurse/Midwife scoping exercise (particularly for CNS, CNM and CNE roles). Roles are not required to be re scoped as a result of the transition to the new title.
2. These titles DO NOT determine organisational structure – DHBs may have some positions and not others within their structures. There is no requirement for a DHB to have all positions.
3. These titles DO NOT alter current position descriptions or functions – the title is the only thing that is being changed in this process.
4. The relevant title is determined by the predominant purpose of the role.
5. To hold one of the specified senior titles, roles must be designated as senior by the DHB.
6. Once endorsed by the DHBs and affected senior nurses/midwives, these position titles will be used at all DHBs for all senior nurse/midwife positions (as defined by the NZNO MECA), by 31 December 2006.

1.0 RETIREMENT GRATUITIES

Retirement Gratuity entitlements applicable at each DHB are as set out below. (This clause does not apply to Hawke's Bay or Taranaki , which previously made compensatory payments to their employees when this provision was bought out.)

Gratuity payments are calculated using the scale set out at the end of this clause.

Except for Hutt Valley, retirement for the purposes of this clause is the permanent cessation of regular paid employment.

Except for Hutt Valley, an employee may retire:

- (a) Voluntarily;
- (b) On medical grounds (requires a medical certificate from a doctor acceptable to the DHB);
- (c) By agreement between the DHB and the employee.

Wairarapa DHB:

Retirement gratuities were frozen as of 28 March 1993.

These entitlements are applicable to all eligible staff employed before 28 March 1993.

Hutt Valley DHB:

- (a) Retiring Gratuity entitlements are applicable as per the scale for employees who have not less than 10 years' service as at 12 October 1992 and who are eligible to retire.
- (b) From 10 October 1993 no further service shall accrue for the calculation of retiring gratuities.
- (c) Where part-time service is involved the gratuity should be calculated to reflect this. The number of hours per week employed during the years of service is calculated as a percentage of the number of hours represented by a full week and this percentage is applied to the rate of pay established for gratuity purposes.

Whanganui DHB:

The criteria for the payment of Retiring Gratuities is set out in clause 39 (and outlined below) of the 1993 Nurses and Midwives CEC;

Clause 39.0 of the CEC dated 18 December 1993:

- 39.1 Employees who have between 10 and 15 years service as at 18 December 1993 shall earn and be paid 50% of the maximum retiring gratuity.
- 39.2 Employees who have more than 15 years service as at 18 December 1993 shall earn and be paid a retiring gratuity in accordance with the scale of maximum gratuities.
- 39.3 Employees who have less than 10 years service as at 18 December 1993 or who are employed after that date, shall not receive or earn any retirement gratuity.
- 39.4 For the purposes of establishing eligibility for a gratuity, total service may be aggregated, whether this be part-time or full-time, or a combination of both at different periods. Part-time service is not to be converted to its full-time equivalent for the purposes of establishing eligibility.
- 39.5 Where part-time service is involved the gratuity should be calculated to reflect this. The number of hours per week employed during the years of service is calculated as a percentage of the number of hours represented by a full week and this percentage is applied to the rate of pay established for gratuity purposes.
- 39.6 Gratuities shall be paid to the spouse or if not surviving spouse, the dependent child(ren) of employees who died before retirement or who died after retirement but before receiving a gratuity. Spouse is defined as a person with whom a marriage contract has been made or who is in a de facto relationship.
- 39.7 The Chief Executive Officer may also grant half of their retirement gratuity entitlement to those employees resigning after not less than 10 years service as a result of ill health which prevents them from continuing in their position.
- 39.8 The amount of any gratuity previously received in respect of service taken into account in the calculation, shall be deducted.
- 39.9 For the purposes of calculating the amount of gratuity which Whanganui DHB should pay, the rate of pay on retirement shall be the basic rates of salary or wages.
- 39.10 An employee who is granted leave without pay and who remains in the service of Whanganui DHB, will, on retirement, have such leave aggregated with other service for gratuity purpose.

"Service" means current continuous service with Whanganui District Health Board and its immediate predecessors, that is the Good Health Whanganui, Manawatu-Wanganui Area Health Board, the Wanganui Area Health Board and the Wanganui Hospital Board, but may be broken up by periods of up to three months. Any break in service of longer than three months shall debar an employee from counting the service prior to that break towards any service related entitlements in this agreement.

- (a) Any employee employed after 15 December 1993 will have service recognised as defined above.
- (b) Any employee employed on or before 15 December 1993 will have service recognised, according to the Nurses' & Midwives' Collective Employment Contract signed on 23 December 1993.

Retirement Allowance

The Chief Executive Officer shall pay a retiring allowance to employees who, on the 15 December 1993, had no less than ten years' continuous service with the Health Service and were an employee of MCH on that date.

- (a) Having established eligibility for an allowance by meeting the above requirements, any further service for that employee shall be as defined in the definitions.
- (b) Employees who had more than ten but less than fifteen years service on 15 December 1993 will be paid 50% of the relevant retiring allowance when they retire.
- (c) Employees who had more than 15 years service on 15 December 1993 will be paid a retiring allowance in accordance with the scale of retiring allowances, when they retire.
- (d) Employees who had less than 10 years continuous service on 15 December 1993, or who were employed after that date shall not receive any retirement allowance.
- (e) Where part-time service is involved the allowance shall be calculated to reflect this. The number of hours per week employed during the years of service is calculated as a percentage of the number of hours represented by a full week and this percentage is applied to the rate of pay established for allowance purposes.
- (f) An employee who is granted leave without pay and who remains in the service of MCH, will, on retirement, have such leave aggregated with other service for allowance purposes.
- (g) Allowances shall be paid to the spouse or if no surviving spouse, the dependent child(ren) or the estate of employees who died before retirement or who died after retirement but before receiving a allowance. Spouse is defined as a person with whom a marriage contract has been made or who is in a de facto relationship.
- (h) For the purposes of calculating the amount of allowance which MCH may pay, the rate of pay on retirement shall be the basic rates of salary or wages.

Discretionary Retiring Gratuity

The Chief Executive Officer may grant half of the appropriate retirement scale of allowances to those employees who have not less than 10 years' continuous service and must resign

because of ill health.

Service Definition for Retirement Allowances

- (a) Service means all service, whether in full-time, part-time or casual employment, with MCH. Provided that they were employees of MCH as at 15 December 1993 and have a service entitlement recognised under a previous collective employment contract (or award) they shall retain such entitlement until that employee ceases to be an employee of MCH.
- (b) Continuous means current continuous service with MCH which may be broken up by periods of up to three months. Any break in service of longer than three months shall debar an employee from counting the service prior to that break towards any continuous service entitlement. Provided that employees of MCH as at 15 December 1993 who have a continuous service entitlement recognised under a previous collective employment contract (or award) shall retain such entitlement until that employee ceases to be an employee of MCH. Provided that Enrolled Nurses or Registered Nurses who resign or change their status to undertake a period of continuous study to bridge to RCompN/B.N. will have their previous current continuous service entitlement recognised on re-employment with MCH. This applies if re-employment is within three months of receipt of results and applies only to enrolled nurses or registered nurses who are employed by MCH for up to one month prior to study commencing.

Retirement Gratuities

- (a) If the employee has ten or more years service the retirement gratuity set out in 9.1 shall be paid.
- (b) The employer shall pay a retiring gratuity to employees retiring who have had not less than ten years' service recognised as at 12 October 1992.
- (c) For the purposes of establishing eligibility for a gratuity, total service may be aggregated whether this be part-time or whole-time or a combination of both at different periods. Part-time service is not to be converted to its whole-time equivalent for the purpose of establishing eligibility. Where part-time service is involved the gratuity should be calculated to reflect this.
- (d) Where part-time service is involved the gratuity should be calculated to reflect this. The number of hours per week employed during the years of service is calculated as a percentage of the number of hours represented by a full week and this percentage is applied to the rate of pay established for gratuity purposes.

- (f) For the purposes of calculating the amount of gratuity which the employer shall pay, the rate of pay on retirement shall be the ordinary rate of pay only.
